Tbaytel Introduces Wireless Number Portability in Kenora

Thunder Bay, ON (August 31, 2011) – Tbaytel announced today the availability of Wireless Number Portability service in Kenora.

Wireless Number Portability (WNP) allows mobile, home and/or business phone numbers to be switched to a Tbaytel wireless device, if it is an active phone number, and the customer is transferring their present number from a service provider in the same local area.

“Tbaytel is excited to offer this service for the residents in the Kenora area,” said Don Campbell, President and CEO, Tbaytel. “Providing customers with an option to choose a service provider of their choice and not lose their existing phone number is an important value-added benefit.”

Wireless Number Portability became effective in Kenora on August 22, 2011.

For more information on this new service, customers can refer to Tbaytel’s website, www.tbaytel.net/kenorawnp, or they can visit our local Authorized Tbaytel Dealer – Donny B’s in Kenora.
